LAW REPORT.

BANCO COURT.

(Before the Chief Justice and a jury of four.)

ACTION ON ELECTRIC SUPPLY.

Handley and another v. Warner.

Mr. Handley, instructed by Messrs. M'Donnell and Moffat, appeared for the plaintiff; and Mr. Mack, instructed by Messrs. Stephen, Jackson, and Stephens, appeared for the defendant.

This was an action brought by John David Handley and Graham Lewis, electrical engineers and contractors, against Albert H. Warner under a contract for the installation of electric light on defendant's premises.

The case for the plaintiff was that in September last they entered into a contract to supply defendant with a generator, and also to make the necessary installation of electric light service at his works at Wyong, but though after the installation was completed it gave the full power contracted for, it fell away subsequently. This, however, the plaintiff contended, was due entirely to the inefficiency of the engine, which defendant used before the contract was carried out. Plaintiff further contended that the generator was proved to be capable of developing 50 candle-power, as guaranteed, and the failure to continue that capacity was due to the weakness of the engine, which would only rise to 170 revolutions per minute instead of 260.

Included one 110-volt generator.

Defendant denied not intended, and said that he had received a letter from the plaintiff, in which the plaintiff admitted that the engine was in any way inefficient.

In the course of defendant's case he called a number of witnesses. Underneath the plaintiff, who pointed out certain defects in the installation, which were a breach of the contract, and that the plaintiff had not insured the building, and though the fire insurance policy, they would lead to the cancellation of the policy, and that the plaintiff had been given about them by the insurance company.

The case stands part heard.

NO. 2 JURY COURT.

The land tax case, York Buildings, Ltd. v. Deputy Federal Commissioner of Land Tax.

The case is still part heard before Mr. Justice Ferguson.

IN EQUITY.

(Before the Chief Justice, Justice Simpson.)

JOHN NORTON'S WILL.

WIDOW ALLOWED ONE-THIRD OF ESTATE.

Applications for further consideration of claims made against the estate of the late John Norton, newspaper proprietor, Sydney.

The widow, Mrs. Norton, claimed that she was entitled to one-third of the estate, and that the trustees were directed to pay her one-third of the net income of the estate, after payment for all proper outgoings and the legacy payable under the will to Eva Pannett.

On November 10 last, when the applications for adequate provision were before the court, his Honor referred to the Master in Equity, for inquiry and report as to the value of the estate, and the value of the property in Australia and New Zealand.

The Master reported that the estate of John Norton, deceased, was of a gross value of £125,000, exclusive of the value of the goodwill of the newspaper business carried on by John Norton in Victoria, Queensland, Western Australia, and New Zealand.

Of this gross value the estate left to the trustees was £125,000 (Australian and New Zealand freehold), £25,000 (Australian leasehold), and £10,000 (South Wales). The net value of the estate, after payment of all proper outgoings and the legacy payable under the will to Eva Pannett, was £110,000.

The liabilities total £77,000, the chief items being £45,000 (mortgage debts and interest), £15,000 (unsecured liabilities), £15,000 (guaranteed overdrafts), £1,000 (stamp duty), and £1,000 (other debts).

The net value of the estate, after payment of all proper outgoings and the legacy payable under the will to Eva Pannett, was £110,000.

The net value of the estate, after payment of all proper outgoings and the legacy payable under the will to Eva Pannett, was £110,000.
